Thanks, Carl. I will use the updated Major Aspects section and delete the Key Points section from the Congressional notification email.

Subject: WY RH Comm Strat 1/10 Version

I made a few edits to the Major Aspects of EPA's Final Action section of the comm strat after learning from Whitney that Sandy's plan was to send out that section along with the Desk Statement, Key Points, and Regional Haze Background in an email notification to the Congressional staffs. I also updated the web link to go to the Air Program home page where the link to the final rule pdf will be.

Whitney, I think the Key Points is a bit redundant with the Major Aspects, so I don't think we need to send that out (also makes for a shorter email). The rest should be okay.

BTW, we just made a few edits to some boilerplate language in the final rule and sent it back to OAR, so Admin signature may a bit later today.

Thanks, and counting down.
